

CONSERVATION CLASSROOM

Bring the zoo to you, with our Mobile Zoo Program!

This program follows California's Next Generation Science Standards for grades TK-12.

Choose from one of our topics below, which can be adjusted to meet the needs of any grade level:

- Animal Classifications
- Habitats and Adaptations
- Wildlife Conservation

or request a custom program that fits the needs of your group!

Our Conservation Classroom includes live education ambassador animals as well as biofacts (furs, feathers, bones, etc.) for your students to view and touch throughout the program.
